A Morning I'll Never Forget

(This chapter contains descriptions of gore. I suggest not reading if you get disgusted by gore etc.)

The sun is shining brightly among the grass. A bustling city of objects crowd the streets. All the teams are currently awake, as they have to. The sun shines through the corridors, footsteps and creaking can be heard outside of the rooms. Leafy tosses and turns in her bed, maybe being caused by her staying up late, firey had told her not to stay up late. Of course she didn't listen. "Graaaarrrrghh.." Leafy groaned as she heard a knock on her door. "Come in!" Firey opened the creaky door, trying not to wake her up all the way. "Heyyyyy leafy..." firey said cautiously, as he knows how leafy gets when she hasn't gotten any sleep. "You okay?" Leafy looked more drained than usual, also looking more pale. Firey began to get concerned, sitting himself up on her bed. "Yes I'm fine. Just tired." She yawned in between her sentences, rubbing her eyes. " well.. Pin made breakfast, It is all gone now though... everyone is out now. I don't think they knew you were still here.." Firey said quietly while looking at the ground, fiddling with his hands. "Oh, no worries.. I'm not hungry anyway." Leafy got up grabbing her gloves and her gardening tools. "Oh!! Are you going.. uh.. outside ??" Firey said with a nervous tone. Leafy and firey are on good terms but, with leafy dating pin, it's just been very weird. Especially with the incident... something they can't mention. "Yea, I'm going to my garden. Your welcome to come." Leafy tried to crack a smile at him, but just couldn't. "Oh uh! No that's fine..I got my own stuff to do now." "Hmph, suit yourself." Leafy walked out shutting the door, Sounding like a slam. Leafy had always felt peace in her garden, Pin had gifted her some new seeds, They were marigold seeds. Leafys favorite flower. They always glow so brightly, so beautiful. So so so.. beautiful..

"Leeee...afy.."

"Leeafy.."

"LEAFY!!"

Leafy had snapped out of her trance. Was it a trance? She shook her head, Pin was standing above her. "Oh heh.. hello.." Leafy grabbed pins hand as it was reaching down to help her up "what happened leafy? I couldn't find you in your room, and then I see you in your garden laying on the ground, you almost seemed like you weren't breathing.." Pin had brushed her off and hugged her tightly. "oh.. I thought I was just in my garden,, planting those seeds you gave me." Leafy had plopped herself on the ground again. Pin had sit down right next to her, putting her head on Leafys shoulder. "I'm sorry for not waking you up.. you hadn't gotten any sleep the last past days. So I tried to let you sleep In.." "Pin, it's not your fault, I'm just tired I think I need to go back to my room." Pin nodded and walked leafy back to her room. "Are you sure you're okay? I just want to make sur-" "PIN. calm down. I'm okay, you're okay, just let me get some sleep." Pin sighed deeply, putting her hands in Leafys palms. "Okay. I love you, just get some sleep." Leafy nodded and closed her door. She plopped herself into bed and fell asleep. Hours later, Ruby bursted through the door, "LEAFY!!" She panted in a hurried tone "Wuh.. huh.. AGGH!!" Leafy had jumped out of her bed, rushing outside with ruby "Ruby!! huff.. What's going on?!.." they had both stopped, Leafy didn't see anything out of the usual, expect Pin and Book were fighting , Which is odd because usually Pin keeps calm. she usually never fights. Suddenly Leafy saw blood. Leafy had ran over to them to break "BREAK IT UP YOU TO.." leafy had ran over to pin, making sure she was ok. She was fine, just some blood, a black eye, and along with her bruising her limbs, Book , on the other hand had almost been completely knocked out, well so was pin. "Ruby go grab someone. I'll stay here, grab me some bandages to." Ruby ran off most likely going to grab someone from Books team. Leafy stood up. "What happened ?" Book stared at pin angrily, looking like she could pounce at her anytime. "We'll, I.. uh.." "You guys just got in a fight FOR NO REASON?!" Leafy, Boy did she yell. "We'll NO!! there was a reason, But.. we just.. I.." Leafy was mad. It was clear from the look on her face. Ruby returned with Pencil, and grabbed some bandages.

"Here ya go.." leafy snatched the bandages out of Ruby's hand, Patching up pins hand. "Is that good?" "yes.. Look leafy I'm sorry but I.." She was cut off by leafy grabbing her hand. "It's fine, but what happened.?" "Well.. you know I had have a problem with book.. that I really haven't gotten over, and we just.." Leafy had zoned out while pin rambled, Leafy started to feel nauseous and sick, she began shaking. "Hey pin. I'm going to.. go back to my room.. I don't feel so great,, Love you!!" She said in a hurried tone as she rushed back to her room. Pin waved bye to her. Confused. When leafy got home she plopped herself on her bed, slamming her door. "god, I really need some sleep, or maybe some food.. I think that would be best.. Leafy muttered to herself. Leafy slowly walked to the kitchen, shaking. "What can I eat.." she observed her surroundings seeing what they had to eat, She saw a soup can, she grabbed it and opened it. She turned the stove on and put the soup on the stove, As she was moving fastly, she ended up burning her hand. "YAOOI!!" She yelped loudly, as she fell on the ground. "owh,, ugh.." She blew on her glowing red hand. That just made it hurt worse. She sighed loudly, while sitting up and grabbing a piece of ice. She put that on her hand. after a couple of minutes she grabbed a bowl and put her soup in that. "Just eat quickly leafy, all you want to do is go to bed." After she was done, she ran to bed and fell asleep. Leafy had stood up, seemingly now stalking in her room. As the outside looked busy as it always does. She had smelt an odd smell. Like a rotting smell... Like rotting flesh, She had looked around her room. She was completely right, A dead body half eaten. Leafy was absolutely disgusted. She had seen a figure, she walked up to the figure. It was her. Why would it be leafy?

Was this something that was going to happen in the soon future?

Was this fake?

How would it be fake.?

It's so real..

what the hell am I witnessing??

This isn't me.

Who is this.

Leafy suddenly jumped, sweating heavily. "It was.. a dream?" She had thought, thank god it wasn't real. What the hell was that..

A Never Ending Nightmare

It had seemed like days had passed since that dream, expect it wasn't. It was reoccurring. Leafy was trembling. She had stayed in her garden for the last few days. It made her feel at peace. Knocks on the door had been heard. Leafy jumped, while drawing at her desk. "Come in.." she had lost her eager tone in her voice, She had a more shaky tone to her voice. Pin had opened the creaky door. "Hey leafy! I made you breakfast.. I also just wanted to make sure your okay.." "I'm fine pin. Don't worry about me. And I'm not very hungry." Pin looked at the plate of food she had made leafy. "Oh ok.. well, I'll see you later." Pin had shut the door, Leafy was hungry. But hungry for something else... She shook her head. Trying to take her mind off it. "Snap out of it leafy..." A couple hours passed, Leafy had spent those hours in her room. It started to seem like she was going insane. She couldn't get the image out of her head. Leafy had finally decided to get out of her room and go on a walk. The fresh air helped her think. She sighed, Leafy had taken a turn to her garden, but this time, it wasn't helping her calm down. It made her feel worse. Leafy had sat on the ground. Starting to zone out. She had suddenly appeared back into the scene in her dream But this time in was in a cavern. The same unpleasant smell, the same corpse. But many more. Bones and blood covered the scene, and then the figure of her. Standing there. With a crooked smile on her face. The shadows had covered the other leafy. Blood on her face. Leafy had stood there, seeming like she could throw up. Leafy had soon stopped daydreaming, the breeze waking her up and making her jump. Leafy had thought to herself.

"There has to be some way.. to.. to.. stop this mess."

"This won't happen. IT can't happen."

"But what if it does?"

"What if I-"

Leafy had shaked her head. She was trembling, but she had soon snapped out of it. She sighed heavily. Her voice shaky, she had ran back inside. Leafy grabbed a piece of paper and a pen out. This dream was never ending. So she had to find a way to make it end. But how? Leafy stood up and locked her door. She sat down at her desk and tapped her pen on the desk. Back and forth, back and forth, back and forth, a tap. A tap. And then another tap. Just like her dream... Leafy had sat there for a few moments. Trembling while looking at the blank paper... "Maybe I just need to.. go to sleep again? And maybe... I'll come with some way?" That's right! She thought.. "hopefully at least." She closed her curtain and fell asleep. The dream happened again, exactly like it did when she was in her garden. She had jumped again, like she usually does, It was morning. She could tell. She had suddenly had the craving she had last night. But what was this craving?.. She finally knew, a craving for her kind. A craving for objects. She was shook. Her head fell back into her pillow. She was so scared. So very nervous.

"What do I have to do get rid of this feeling?." She sobbed to herself. She sat there for what seemed like hours. "I CANT eat my friends. I just can't do it..." She gagged at the single thought of it. But that was exactly what she had to do. And she knew it, She just couldn't. "I can just sleep this feeling off ri..right?" She couldn't, no matter how she would try. She just couldn't.. So a couple hours had passed, And she had finally made the decision, just to get rid of this feeling.. She knows she won't like it. She knows it. Of course she won't do it to pin. Because she's only going to do this one time. One time... Right??..

Appetite of a people-pleaser

(This chapter contains heavy descriptions of gore, If you're not comfortable with that I suggest not reading ^_^ and by heavy I mean HEAVY.)

Leafy was looking for a cavern, a cavern where she could hide out, the one in her dream, She knew where it was. But of course, it wasn't going to be the exact one in her dream. After a few moments of searching, she found a cavern covered by vines and leaves. It was also by a pond, Which was very convenient. She thought about making this cavern into a more.. beautiful place, a more comfortable.. space.. a home for her. She'd need materials for that... Wait.. "What am I talking about?" Leafy muttered to herself. "I'm only doing this one time. I don't need to make this comfortable.." She walked back to the corridors, stopping by shops every now and then, Just to make sure she doesn't see anything she could...could... Leafy shook her head. She sighed and walked quickly back to the corridors. She stopped by the kitchen. "Will I need a knife? Or will I—" Leafys thought was soon cut off by Flower walking in to the kitchen. "Hm? Oh. What do you want?" "Oh uhm!! Nothing I was just... looking for something to eat." Of course. A lie. Leafy didn't really know how to lie to anyone. She was always so nice. "Sure. Pencil told me about that fight. Why would they even get in a fight, Stupid idiots.." Flower scoffed, Very annoyed. "Well I mean.. they shouldn't have started fighting in the first place.." Leafy said in a nervous tone. "Well whatever. I'll be on my way." Flower stepped elegantly out of the kitchen. Boy Flower sure was beautiful.. At least I think so. But whatever. Leafy began grabbing knifes and putting them into her bag, one of the knifes cut her on the spot where she had burnt herself. "YOWCH!!" She screamed out. "God.. if I ever want to follow through with this I need to be more careful." Leafy grabbed some more bandages and wrapped her hand up. Leafy drug her bag back to

her room, shutting the door and locking it. She placed the bag of knives and other supplies she needed under her bed. She sat back at her desk.. "Ok.. how am I going to do this.. and do I start with??" An outcast she thought.. But no one was an outcast.. At least that was true to her.. she made a board with the most popular people to in the middle and the outcasts. She marked her target with a red pen. She was going to go for rocky. Sure rocky was pretty popular.. well not really. But with TB and GB almost always with him, it was going to be pretty hard. So she had to look for an opportunity to do this. During the day, usually rocky is alone.. At least most of the time. Surely this will be easy, Rocky is very child-ish so of course he won't be expecting this.. No one would. She sighed, all she needs to do is get this over with. So, Shes going to start tomorrow. She set an alarm. Leafy looked outside after she set her alarm. It's still afternoon-ish. "I guess I should go on a walk.. just to see where everyone is.."

Leafy had ran into lollipop. "Hello.. Leafy. Someone is hosting a party tonight.. Not sure why.." "oh.. hello.. uhm.. Who is hosting the party??" Leafy said in a nervous tone. "Flower. Of course she's hosting it.. she invited me, she also invited you." Would this interfere with her plan? Why would it?? She sighed. "I'll see if I can come.. I'm busy today.." "Suit yourself." Lollipop waltzed away. Should I go? Leafy thought about It. "Well if pin is going to go.. then I may as well go."

Hours passed and soon the time for the party was there. Pin came to pick Leafy up and she was dressed up head to toe. "God. Pin you really didn't have to dress up like this for me.." "Psssh! don't worry about it." Leafy placed her hand in pins palm as they walked to the party. "Where even is it?" "Over at flowers place." They arrived and it was crazy there. Everyone was there. She almost felt like she should've stayed home.

Pin had walked leafy home that night. The sun shined through leafy's room. It was time to go through with her plan. Leafy yawned. Rubbing her eyes. "ugggh... stupid alarm." She slammed her hand down, shutting off the alarm. Leafy got up out of her bed and was ready to start her plan. She saw rocky down at the beach, of course she sat down next to him. "hello... rocky!!" Rocky had waved to her. Smiling being childish as always. "Watcha lookin at?" Rocky pointed to the ladybug marching among the sand. Leafy couldn't help but

smile. "Dont'cha wanna see something... magical??" Leafy cracked a smile at the Little Rock. Of course rocky nodded aggressively.

They arrived at the cavern, rocky was amazed somehow.. Leafy sighed and sat rocky down while he looked at the water. Leafy walked in the cavern and got a knife and held it behind her back. She walked up behind rocky as he was staring at the water, and dove the knife into his head. Of course he didn't notice so there was screaming, but it died down, as he fully stopped breathing as the knife dug deeper. "What have I done?..." leafy starred down at the poor lifeless boy.. trembling and shaking. "What did I just do.." Leafy ignored her questions, she took the knife out of his head, leafy almost vomiting.

She drug Rocky's body into the cavern leaving a trail of blood behind them. Her bandage was stained red. "Ok.. so how do I.. do this.?" She sighed and just went in for it. She cut his legs off first. And surprisingly it was extremely easy with him dead. Because of course he couldn't put up a fight. Like he would.. if he could. She cut a hole in his body, surprisingly she didn't think about vomiting this time. She ripped out his bones. Which she didn't gag at either. She was actually pleased with how great this went.

After leafy was done with his corpse, she had thrown him to the back of the cavern to come back to later. Her face was stained with blood and well his.. skin I guess? Good thing she brought stuff to wash off. And of course she can just wash herself up in the water. She actually liked the taste, but didn't have a craving, because she said it would only happen one time. Hopefully that's true. Anyway, the water become red, due to the blood on her hands and face. After she was done doing that, she began walking down to the town. Of course she had to plan her next victim.. but who?? She ran into TB, He had a worried expression on his face. Of course leafy knew what it was about. "Excuse me leafy, have you seen rocky?? I haven't seen him all day.." "I think I saw him by the beach? Not sure.." Another lie, she didn't want to be involved with the chaos unwrapping. She just needed to feed her hunger.. she rushed back to her room and shut the door. Locking it like she always does. Leafy had completely forgotten about what she said earlier. She just wanted to feed her hunger.. She had felt a thrill from what she did earlier.. But who next?? Well she

had already thought that out.

She put a Red X next to a name..

Book was her next target.

Hardcover Spine

(yes this is another gore warning..)

Leafy sat at her desk. Book would be a hard one, but no one really likes her? I guess you could say that. But she's definitely not an outcast. So this would be tough. She sighed. "Maybe.. I could just.. " "ough,, no I'm just overthinking it." Leafy stood up. She walked to the restroom to spray water on her face. Suddenly when she looked in the mirror. She realised she was drooling. She felt the craving. But more intensely then usually, she needed to do it NOW. Leafy had ran out to find book. Suddenly she saw book sitting beneath a tree. For some reason Iance had named the tree "The tree town sound." No one knew why. It was an idiot name. Leafy sat down next to book. "Hey!!" Leafy said with a crooked smile. Almost sharp at the ends. "Oh.. hi leafy!" Book awkwardly smiled.. "y'knoooow.. I found a place where you can start your garden!" Book had been wanting to start a garden but all of the good spots were taken unfortunately.

"Really?!" Book's face lit up so quickly, she was so bright and excited. She didn't know she was in for a treat. Or at least a treat for leafy. "Yea!! Follow me up the mountain!!" Book excitedly agreed, as she took Leafys hand. A hand that will soon be covered in blood and skin. And another hand that will soon be cold to the touch. A limp and lifeless hand. A lifeless body will soon be book. But book didn't know. She didn't know her fate. How would she know? She was so innocent. So was rocky.. They arrived at the mountain and book was blown away. "Oh my!! This is so pretty!! All for me?! Thank you leafy!!" Book hugged Leafy tightly, Boy was she excited. So was leafy. She couldn't wait to see the fear on Books face. "Yeah! All for yoooou!!~" Leafy giggled with a seemingly harmless tone. But of course her intentions were the opposite of that. Book was admiring the scenery. So pretty.. So beautiful!! So distracted she didn't notice leafy sneaking

into the cavern to grab her weapons. Leafy snuck back to the water. "Hey book c'mere!" "Yea?" Book had been facing the water at that point. "Well little miss well-read. Looks like you need to open up~ !" She plunged at book with a knife. As it went right through her cover. Book let out a blood curling scream. "Oh calm down." Book was completely out of it. But she was down on the ground, she certainly was going out without a fight. "WH-WHAT TH-THE H-HELL... LE..AFY!!" Her words were stuttered. Even though she had a hardcover, and that practically saved her. But that wasn't going to stop leafy. "Well, little miss well-read. I'm sorry as this was you-" leafy got cut off as book had grabbed Leafys knife out of her hand, Book some how sustaining the energy to stand up. Leafy had ran back to the cavern and grabbed a shovel, Book shuffling among the ground. "Well, I'm glad to be here for your final bow." "Your final show. Your final.. word perhaps ?" Leafy snuck up behind book. Hitting book with a shovel on the head several times. Book was completely lifeless her body cold to the touch. "A dictionary knows all. But you knew barely nothing." Leafy chuckled. Books blood had stained the once beautiful green grass into a dark bloody red. Leafys hands seemed almost stained red. A lifeless body. Sitting there on the grass. So unfortunate for book. She was so much more. Leafy dragged books body into the cavern. She sat down, Peeling back books pages quickly one by one. Until, she found what she was seeking for. Red stains became more vivid by the second, until she struck the red center. She dug her knife deep into that page, revealing a compact of organs. Leafy ripped books hardcover off. Leaving just pages. Leafy ate each organ like it was her last meal. The blood dripping from each one. How it was beautiful to Leafy. A lifeless heart and organs sat before her.

Probably because each body as a different taste, some being delicious. Some being disgusting. She didn't care though. She would usually save the rest for later. But she dug into book. Poor girl. Book was so innocent. Anxious and mostly kept to herself a lot. But she didn't deserve to die. Especially like this. And of course they usually would be able to recover these two but.. the recovery center broke down. It's been like that for years. This was the last time anyone would be seeing Book and rocky, leafy didn't feel bad, she was almost stuck in a trance. She just kept eating.

Soon leafy stopped and washed herself up in the water, the blood more intensely flowing through the water. "Boy.. Miss well read can really put up a fight." "Im tuckered out I better get back to the corridors." Leafy strolled back down to the corridors. Fulfilled and happy. Pleased with what she's done.

Every Book Has Its End

It was a bright sunny morning the sun shining brightly through Book's window. A normal day like always. Book was woken up by the smell of fresh pancakes. She absolutely adores pancakes. Book got up out of her bed. Opening her door, running down the hall through the corridor. "Good morning ruby..!!" Ruby was the one making the pancakes. "G'morning!" Ruby smiled at her. "Here ya goo..!!" The pancakes were blueberry, Books favorite. "You made blueberry? Thank you!!" Book had a huge grin on her face. Obviously this day was starting off great. "Thanks for the food ruby! I'm going to head out!" Ruby waved bye to book. Book grabbed her diary before she ran out. She looked for a nice place to sit. She thought maybe in a garden, but of course. Pencil wouldn't let her step one FOOT in her garden. So she decided to sit beneath the huge tree her team calls "The Tree Town Sound" which is actually a clever name, most people like to sit INSIDE the tree because you can.. It's like a house! Book started writing in her diary. Leafy walked up to her and sat down next to her. "Heyyy book!!" Book was so excited, It had been so long since she'd seen leafy. Leafy helped book open her own pet store and makeup parlor! Which so far was going great! "Hehe.. hi leafy!" Book had smiled awkwardly back..

She's the not best at being social.. "Y'knooooooww.. I found the best place for a garden. Right up there in the mountains!!" Book looked at her. Very excited. "Really??" Book shot up in glee. Leafy nodded and they both quickly ran up there. Boy was it a long walk. Book sure was tired after it. But it was so worth it. Book quickly began admiring the vines, trees and leaves. It was so pretty.. She ran over to leafy and hugged her tightly. Book was over by a tree, writing in her diary about this. Soon leafy had called book over to the water. Of course book walked over there. Putting her diary down on the ground. "What's up?" Now facing the flowing river. So of course book didn't notice when leafy plunged at her with a knife. The knife sliced Books hardcover. Book was down on the ground but somehow sustaining

the strength to tackle leafy and grab her knife. Leafy was raged. And ran back to the cavern to grab something. Of course book was trying to escape. She almost made it until leafy hit her head with a shovel. Causing book to stop breathing and bleed out.

Soon book had waken up. But not in her body. She was there. Staring at her lifeless limp body. Somehow she was still shaking, and crying. "why would anyone do this.." book let out a faint cry. "I never would've thought she would do something as crazy as this. But of course. I should've known." She muttered to herself. No one would miss her though. Hopefully not.. she wanted people to miss her. But of course that probably won't happen. She definitely wasn't an outcast. But her effort was unseen. She tried so hard just to help. And this is what she's payed back? death? Never appreciated for what she had done. Was it her fault? A dictionary knows everything. the knowledge of every word. She should've looked in between the lines. Why didn't she? She was too idiotic to do so. To innocent.

She didn't deserve this.

Why her?

Why.. anyone?

Why no one else?

...

A Wilting Elegance

(Gore warning T_T this chapter is very heavy gore,,,)

Leafy was decorating the cavern. To of course, lure more people in. She had room to build a small cabin on the mountain. Sure it was shabby. Not to luxurious, but it was the best she could do. She had covered the cavern in moss and vines. She had it a little more comfy around the cavern. But.... It was missing something.. Something beautiful.. Something.. Elegant..

... Flowers. She was missing flowers. She had already planted her marigolds around the cabin, but something different than that. Not a type of flowers. A flower. She thought for a moment. Something clicked in her head. She needed one of the most elegant contestants. It would be flower. Of course it would be flower. Flower was the most... beautiful contestant. Everyone thought so. Including leafy. She knew what she needed to do. She went down to the town to grab gardening supplies. She walked past books makeup parlor. Of course it was closed. It's gonna be closed forever unless someone takes it over. Leafy walked into the store, Tree was running it. Leafy grabbed her stuff and checked out. ".. working on your garden I suppose?" Leafy nodded. "Planting my.. uhm... Daisy seeds..." She said nervously. Fiddling with her hands while pulling the money out of her pocket. "..I heard that objects have been disappearing left and right. TB and GB are looking into it.. First it was rocky that disappeared. They think at least. TB was heartbroken .. of course because they were best friends. Book also hasn't been seen for a while.. Welp..." Leafy was sweating. Her eyes darting around. She was so nervous the money slipped out of her pocket. "You okay? You seem on edge." Leafy didn't answer. She payed and grabbed her supplies. Of course.. flower will be difficult. She's the most popular .. well no.. not really..But still popular. So this would be HARD. And

she's not the type to follow you. She's a stubborn one. But would be an easy target. She's always to focused on her looks. Ruby is always almost with her. She may have to kill two birds with one stone. Oh well. She walked back up to the mountain and sat her things down. She went back down to find flower and ruby. They were both walking around shopping. "Heyyyyy!! Flower!!" Completely ignoring ruby and pushing her out of the way. Ruby looked angry and annoyed. Yelling but none being heard. "Watchu doin?" Flower looking down at leafy and scoffing at her. "Shopping you dingbat." "Well of course, I knew that.. but where are you headed next?" Leafy asked. Trying to lure her into her trap. "I dunno. Why the hell are you asking?" "Because.. well.. I don't know a place but I know a cabin!! Its very luxurious!!" Flower scoffed. Raising her voice. "Show me then." Obviously wanting to get on this for free. She wanted a vacation all to herself. "Alright follow me!" Ruby stumbled behind them. Carrying all the bags.

Soon they reached the mountain. Flower was amazed, but of course she didn't act like it. Ruby panting while putting the bags down. All of them falling over. "Well... how much is it to stay there?" There's no price! It's free!!" Leafy grinned. Flowers jaw dropped at those words. Of course she still had to inspect the area. Leafy ran into the cavern while flower was distracted. She grabbed her knife. Flower was right by the water so leafy decided to push her in. Flower was soaking wet. "WHAT THE HELL!!" Flower gasping for air, her petals soaked. "THE HELL WAS THAT FOR. YOU IDIOT?!" Flower climbed out of the pond. "I think I'll be on my way now. I'm telling everyone about this!" Flower said angrily. Leafy leaped on her with the knife and tackled her. "LEAFY WHAT THE HELL?! ARE YOU CRA-" Her words cut off as leafy stabbed her in the head repeatedly. Until the blood oozed out of her head. Leafy right about to chomp on her limbs and devour her body, She was completely cut off by ruby staring and shock. Absolutely shook. Ruby gagged. "WHAT.. THE ACTUAL HELL.." ruby screamed. She tried running back down the mountain to get help. But leafy stabbed her in her head before she could get away. "Well.. that was easy." She said to herself. Dragging the bodies back to the cavern. She decided to finish flower first. Of course she had huge plans for flower, now back to ruby. Leafy took the knife out of her head and cut off Rubys limbs, she began cutting a hole in her just like she did to rocky.

What a shame. Leafy stared at her hands. Her hands cold and bloody. She sighed. She cut off flowers head, leaving half of her neck. She dug a hole and buried her head. But far away from the entrance. She decided to save ruby for later. Her helpless screams. She witnessed her best friends death. She witnessed flowers cold and dead body. She witnessed death. She sat up and washed her hands. She had fed her hunger and made this place more comfortable. At least to her.

You Feed Off Me

Leafy woke up. Sweaty and hot. Falling off her bed, hitting her head. " FUCK! " She yelled. Her cold voice echoed through the corridor. ".. Ugh.. " She rubbed her eyes standing up. "Mhhhnm..." She sat at her desk. Before a knock on her door, Pin cracked the door open. "'Are you okay? I just... heard you anddd..'" Leafy looked at her. Startled by her sudden entrance. "OUH! Yeah yeah I'm fine, don't worry." She cracked a smile. Waving at pin "o.. oh! Okay.. bye leafy! " Leafy grabbed a piece of paper from her desk. She started to realize she would need another plan if she kept this up.. "..Another... Another wh-..." Something clicked. A *new place to "hide"* .. Where though? There really were no other places to hide.. She grabbed a map from her drawers. Crossing off places that wouldn't be possible.. Still she came across a place. It was a "secret bunker" that GB had built. Everyone forgot about it. "Perfect!" Leafy exclaimed. Sitting up from her slumped posture. And running out the door. She dug up the spot where it was. Walking into it quickly. "..God." She coughed, wiping the dust away from the tables. ".. I forgot it was like.. some kind of lab... Oh well, time to get to work!" She grabbed cleaning supplies from the laundromat in the complex. ".. What the hell are you doing here leafy? Weren't you here.. yesterday?" Lollipop hovered above her. "Ah! Oh... Uh.. me? Oh uh... Just.. cleaning my room? Yeah.. that!" Lollipop stared suspiciously for a moment. Before grabbing her basket.

Leafy had soon cleaned out the whole room. Proud of herself she awarded herself with more gear. A chainsaw, new knives, and so much more. She set her equipment up. Still she had to plan out her victim. She walked back to her room. Locking the door and sitting down at her desk. Leafy made a list of all the objects she hadn't targeted yet. Crossed off the list were of course, Her victims that had already been killed. She tapped her foot, rubbing her eyes. Until her hand drifted over to a name. "Pencil." Crossed off. The next on her list, This would hopefully be an easy job. Couldn't be to hard. Right?

Leafy would have to think of a different plan to lure them. But pencil wouldn't just walk into her trap, For example, a fly falls into a Venus flytrap. Otherwise objects wouldn't. They're smarter than a little bug. ".. Kidnapping? No.. I can't do that! That's... WORSE.!.." She'd already done worse. She knew that, and she'd have to do it either way. She'd just sleep it off today. She was tired. Pin had knocked on leafy's door once again. Leafy opened the door and hugged pin. "..Hi pin! Sorry for.. Shoving you out of my room earlier." Leafy looked down. She had felt bad for pushing pin away. She shouldn't push her girlfriend away over some.. Leafy stopped. Lost in her thoughts she looked up at pin and gave her a kiss. "Ah! Oh! Uh.. Thank you! Also it's fine. I just wanted to know if you.. wanted to.. maybe go out to dinner with me? " Leafy stayed quiet. She still had stuff to plan. But surely a night out couldn't hurt. ".. Yeah, of course. That's fine!" Leafy smiled. "I just have a few things to do before we leave. Is that ok?" Pin nodded. Pin gave leafy a kiss and a hug before walking off. ".. I guess.. I should get some fancy clothes? Like a.. dress maybe?.." Leafy muttered to herself. Looking through her closet. "..huh.. maybe I should go.. grab some new clothes.. If only flower was still around.. Such a pity."

Leafy had bought a pink dress. It looked good on her, exactly the same words pin said when she saw leafy. A few other people were there with pin and leafy, GB, TB, Pen, Eraser, Match, and pencil. Leafy tried not to talk to pencil. Keeping herself distanced, just in case. Until she had to make contact with Pencil. Pencil had walked up to leafy. ".. Have you heard about those.. disappearances? It's like.. So not cool!" Leafy sweat. Looking around , her eyes darting. "Haha..hah.. really? Uhm.. No.. I didn't even know people were uh.. disappearing.. hah!" Pencil crossed her arms and giggled. "That's because your like.. always in your room! You totally live under a rock. I'm really not surprised!" Leafy stared back at pencil. Anger on her face. "Ah! Really? Well at least I'm not like totally manipulative and bossy!" Leafy huffed. "Are you trying to pick a fight?" Pencil clenched her fists. "Oh me? Why would I? I would never.. unlike someone here." Something had snapped for leafy. Along with her new... "hobby" along comes some downsides, Sleepless nights, fatigue, anxiety, anger. Oh and so much more! And this would help pencil loosen up. Letting her guard down. Almost like a strategy perhaps? Pencil, infused with anger, she slapped leafy. Leafy wouldn't

let that slide, why would she? She pushed pencil to the ground. And punched her twice. Pencil scooted herself against the wall. Trying to stand up, leafy punched her in the eye. ".. How do you like that little miss manipulative?" Pencil stood up, stumbling, before punching leafy on the ground and not stopping. Leafy grabbed pencils arm and hit her on the ground. Until someone pulled leafy. This was a replay of something, something she had seen before. "LEAFY WHAT THE HELL?! Pencil didn't do SHIT to you. And you lash out on her?!" Match hollered. Holding pencil in her arms. Leafy wiped her face. "..She deserves it. She's bossy, manipulative, and so much more." Leafy snapped, Pin pulled leafy to her while match yelled at leafy. "... Leafy, are you alright? That's.. something you usually wouldn't do.. I'm worried about you." Leafy pushed pins arm off her. "Im fine. Plus, it's not your business. You shouldn't give a damn." She looked pin dead in eyes. Before standing up and walking off. While walking to her room, she felt terrible. Her hands shaking, tears in her eyes. Why did she even lash out at pencil? She should have never bothered to come. Her once pink and beautiful dress, now stained with blood and ripped. She laid her head on her desk. Sobbing, what did she do? What had she done? Would pin still want to be with her? Would pencil understand? Woul-... That didn't matter, all of this didn't matter. Pencil would be gone. Pin will forget. Everything would go according to her plan. At least, she hoped.

It was 1:00 AM. Pencil would be asleep by now. She made her way down the corridors quietly. Creeping down the hallway. She snuck into pencils house. Slipping her out of the covers and shoving her into a bag. She made her way to the lab. Slipping pencil out of the bag. Grabbing a tool. Before she heard a scream. "WHERE THE FUCK AM I? WHO.. WHO ARE YOU?!" Pencil yelled. Pure fear on her face. ".. Who me? Well, it's me, your "best friend" leafy!" She grabbed a knife. "Look around, can't you see your surroundings? I mean, you have eyes, use them while you still can." Pencil scooted against a wall, standing up. "What.. What does that mean? Tell me freak!" She demanded, holding back tears. "..Ah! Yes.. well it means, hang on to them while you can. You never know when you'll lose one. My, I may just take one now!" Leafy laughed, twisting the knife in her hand. "You wouldn't! I'll.. I'll tell EVERYONE! They'll all listen to me!" Pencil cried. Trying to find a door. ".. But, who will believe you? Obviously everyone's been just.. disappearing, don't you want to join

them?" Leafy revealed the bodies of her victims. Flower, book, ruby and rocky. Pencil stood there shocked. Her eyes widen. ".. You won't be able to tell anyone. Don't you wanna join your alliance members You can't just LEAVE them. That wouldn't be very polite of you would it?" Pencil screamed for help, before leafy dragged her by the arm and strapped her to a medical bed. Pencil began to sob, still yelling for help. "That's not going to help you idiot. No one can hear you under here." Pencil tried to fight the retrains, she couldn't. ""..why the hell would you d...do this?... th...this is.. EVIL!" Leafy laughed. "Me? Evil? Pleaaaase... You have no value to anyone pencil. Your a little dot to everyone. Now trust me, This won't hurt." Leafy grinned and grabbed her chainsaw. "Wah.. A CHAINSAW?! WHAT THE FUC-" Pencil fought has hard as she could, but we all know, that won't happen. ".. Some lives end happily. Others don't. And yours, SURELY WONT!" Leafy drove the chainsaw down pencil, slicing her. She bled out. ".. What a pity.. At least she deserves it.. right?" Leafy thought to herself. Before shrugging it off. She dug into pencil like a thanksgiving feast. At least she would be with Ruby and Book. Not like she would like that. But whatever, can't undo the past can you?

Leafy had walked back to her room after that, leafy didn't think to clean herself up, due to it being 1:00AM. No one was up at this time. Right?. She walked down the hall. Until firey stopped her in her tracks. ".. AGH!... oh.. Ahem.. Hello firey!..." Leafy wiped her mouth quickly, sweating. ".. Why are you up so late?... and.. what's.. tha-" ".. hah! Ok goodbye! Catch ya later!" Leafy ran back to her room. Not stopping. ".. He almost found out.. I'm so fucking.. STUPID! why didn't I think of cleaning myself off.." She fell on the ground. Climbing over to her bed. ".. it's okay leafy.. just go back to sleep."

Labyrinth

Firey sat in a cold dim white room. A table sitting infront of him. He was dead asleep. Leafy's voice echoed through Firey's mind. A clock ticked, Firey soon awoke from his slumber, not familar with his surrondings. He frantically looked for a way out, A bell rung, Firey soon went still, Trying to make out the shadowy figure. As it got closer, He could see a large grin plastered on the figures face. He soon realized it was Leafy. He struggled to get out until Leafy walked over with a sliver platter, placing it infront of him.

Firey attemped to speak, his words never came out. All he did was stare at Leafy with a petrified expression. Leafy soon placed sliverware next to him, then she twirled back to where she was before Firey saw her. Leafy walked back, a axe held in her hands. Firey squirmed in the chair. Terrified of what could happen to him. He could hardly get any words out. Leafy had *tied* him to the chair. And he just realized it? Boy, he was out of it.

Leafy began to speak, "Oh my!" She'd chuckle. "Did you even sleep?" She'd tease, Firey wasnt having any of it. He was still trying to get out of this situation. ".. Whatever, moving on!" She'd take the lead off the sliver platter, slowly. As she unveiled what it was, Firey's face went pale in horror. "Well now, eat up!" She'd push the platter closer, the remains of Pencil laid infront of Firey.

Firey began to gag, as he could find himself about to pass out. He rocked the chair back and forth. Leafy soon stopped the chair, the axe still sitting delicately in her hands. "Ugh! You're no fun!" She pouted. Then a wave of guilt hit her. She sat herself on the floor next to the table. "I'm.. I'm sorry. You've found me out, havent you?" She paused to look at Fireys face. "You have. Everyone has.. That's what it feels like, at least. Around the corner I hide from the guilt. It hides everywhere." Fireys face soon went from a gagged look, to a soft, sympathetic look.

Leafy soon sat up. "But, that won't stop me, will it?" She'd turn to face behind the chair. "..Your flames? They don't ever seem to stop flaring, do they? I mean you are a FIRE after all. I suppose you also feel like a mess, don't you? After killing Coiny, I mean I would!" She laughed. Firey began to get very defensive, and finally found the words to speak. "You can't say shit! You..You've killed and EATEN half of your so called.. 'friends'. How does THAT feel?" Leafy's eyes dimmed. "At least no one knows yet. While everyone in this dogshit town knows what you did."

Firey went quiet, as Leafy began to talk again. "Those flames wont shine soon. They'll be out like a light. You can soon join everyone else. Is that what you want?" Leafy gripped her axe. She stared at the yoyleberry that lay on the plate next to Pencil's dead body. ".. I can throw your body in the creek, no one would find you there, would they? Or a cliff." Leafy paused. Walking over to Firey. "We could make a deal, none of us would get hurt, itd be a win-win!" "Why would I *EVER* want to make a deal with you?!"

"To not get hurt? Thats what i'd assume, and at least let me TELL you my offer." Firey was hesitant, but sighed and nodded. "Work with me, you dont have to.. 'eat' anyone, just help with the killing! Youve already done it once!" She held the axe highly in her lap, she eyed the plate again, and the yoyleberry was gone. "I.. I couldnt! I cant!" Firey yelped. She'd grip the axe again, about to bash Fireys head in with it. "Your loss." She shrugged, spinning the chair around. About to take the axe to his head. "**WAIT!** I-i'll.. i'll take this deal.. as long as it keeps me alive." Leafy threw the axe down. "Very well! Follow me this way!!" Leafy led Firey down the hall, just over to the medical chair where she had killed Pencil. "Ahem, now! If you'll excuse me im going to .. go out, get some rest!" Leafy stepped off into the distance, as Firey scrambled out beside her.

"Leafy!! I was worried SICK about you!" Pin had raced into Leafy's room. Hopping onto Leafy. "For what reason? I mean ive only been out for an hour." She pushed Pin off of her. ".. Are you ok? Youve been so.. I dont know, lately.." Pin fidgeted with her hands. "Im fine, you should leave me alone, we can hang out when im free." She'd push stubbornly. "Ugh-guh! Hey!"

".. I feel bad.. almost like theres a burning pain inside of me. A burning pain of guilt." Leafy thought as she slammed the door. "It feels like theres a flower.. blooming, inside of me.. what am I doing? What did I do? What have I done to Firey? I should just.. finish him off. I should just finish them all off. They'll find out soon enough. I should just turn myself in. Im tired of hiding. They'll all laugh at me. And depise me when I tell them. Its what i deserve." Leafy ran from her place, far far far away, stumbling up toward the mountain where it all began. The cabin was covered in moss. Thick green moss. Book's diary was still there. She'd sit herself on the crossway between the lake and the grass. She'd put her hand in the water. Breathing heavily. Until she heard someone behind her.

"*Nothing to fight back with now. Is there?"* A voice haunted from behind. *"They'll find you. And you'll lay on the ground helplessly." It was Book's voice.* "B-but your dead! Y-you can-" *"But I can. You'll pay for your actions, Leafy." "Its all a hallucation, it isnt real,* ***THEY ARE ALL IN YOUR HEAD***." Leafy soon snapped back from her trance, staring behind her, as Firey plunged at her with an axe. *"G-GET OFF ME!"* Leafy yelled, screaming her words. Firey jacked the axe at her face, Leafy tried dodging it, but eventually it hit her leg. *"O-OAUGH!"* She'd yelp, as she limped to safety. *"Im sorry, Leafy, But you can't keep doing this. Soon you'll be in enteral return, I hope. It isnt you, its just what youve done."*

A slash of red arose, three thuds in a row were heard. He quaked, reliving what he had done. She sat there, lifeless. But she wasn't really. Her broken leg shoke. And she layed there. He held her hand, her cold limp hand. He cried almost that it would make a flowing river. She muttered four words.

".. Im sorry for everything."

And then it went black.

I'll Keep Running

Tick .. tock .. splish .. splash .. PSSH! It all happened so fast, the axe, the screams, the blood. But it's what she deserved, isn't it? Leafy awoke in a.. void of some sort. She looked around, nervous, anxious, shaky. "..Hello? Is anyone there?" She'd call out, to no avail. She pouted, spotting a small figure in the corner of her eye, it approaching rapidly, pouncing on top of her, pinning her to the ground. "..W-WHAT THE FUCK?!" Leafy yelped, screaming as she got downed, the figure was Book, holding her fist right above Leafy's face. Packing punches with haste.

"..Leafy." Book sneered, her gaze sharpened as she looked Leafy dead in the eyes. "..Book! Haha.. long time no see?" Leafy snickered at her own joke, kicking Book to the ground. "..Well, again, nice to see you, but I'm going to continue my quest to get out of here." Leafy held an hand to her chest proudly, before setting them back to her side, turning back to face Book as she bursted into laughter. "PFF!! **HAHAAHAH**! Oh you're serious. I didn't take you to be so dumb, Leafy!" Book wiped a tear of laughter from her eyes, her body torn, in the state it was when Leafy had killed her. "H-hey!!— what's so funny?! And i'm not dumb!" Leafy protested, getting all up in Books face.

"..Leafy, you can't be that ignorant, your dead, Leafy. Just like me." Books voice would stiffen, as she got closer to Leafy as she pushed her to the ground once again. "What?! N-no.. that was all a dream.." Leafy denied, her knees going weak as she tried to stand up. "..No it wasn't. I mean, you're probably still conscious, but your body could fully go limp soon!" Book would taunt and tease Leafy, payback for all the torture Book endured. "..**NO I WONT!**" Leafy would jump on Book, about to maul her, tearing her pages even more. Books eyes went wide, trying to block the attacks, trying to fight back. "Y-YOU RABID BEAST!! GET OFF ME!!" Book screamed, being pinned, her pages still being ripped and torn.

"..You're a little BITCH!" Leafy spat, punching Book in the eye, one being swollen so she couldn't see. Leafy stood up, panting quickly and heavily. She began to look around once more. An idea clicking in her head. "..If I were to.. hypothetically, kill myself somehow here, would I still wake up.. in the real world? Since I'm still. most likely breathing still.." She'd turn to Book, guilt washing over her. "..Why the fuck are you asking me? But I'd be glad to do the job for you." Book wiped her face, clenching her fist as she stood up wobbly. "..Do it then." Leafy spoke. Not frightened or fearful.

"..Really? Are you just.. trying to get me to fall into your trap again?" Book said cautiously, backing away ever so slightly. "No. Come at me. Rip my eyes out, gnaw at my limbs, do whatever." Book smiled, pouncing at Leafy, ripping away at her exterior. Book glared her in the eyes, ripping it out of its socket. Leafy screamed, and everything went black and quiet.

"— I don't think she'd ever do something like that though! She's so sweet, and kind.. but her behavior has been.." "Weird? Mysterious? I KNOW! Why can't you just see I'm telling the truth!" Two mysterious voices exchanged words, Leafy slightly opening her eyes, Pin and Firey standing before her. "..Le-Leafy?!" Pin would swarm Leafy, enveloping her into a warm embrace, and a small kiss. Firey shunned Leafy, staring at her with a tad of repulsive disgust. "..Are you ok?! I'll tend to your wounds, I promise." Pin grabbed her arm, staring her in the eyes. "..Pin! You're not listening to me!"

Pin glared at Firey, getting up from her position on the ground. "..I'll be back." Pin walked over to Firey, having a separate conversation with him. Leafy looked around, her arms shaking violently, the wound on her leg had stopped bleeding, but she needed to get it fixed up soon. Her gaze drifted to Pin and Firey, Pins' face being shocked as she covered her mouth, glancing at Leafy. "..Leafy—" Pin came closer, keeping a distance. "..Is anything Fireys rambling about.. true?" Leafy sat confused, then realization hit her like a truck. "..R-remind me?" Leafy acted navive, guilt gushing out of her. "..Y-you know.. t-the.." Pin made a gesture, imitating it very clearly. "..N-no! I would never do that! Plus, he doesn't even have proof! Don't believe him, dear.." Fear dripping out as she spoke. "..B-but I do have proof! Pin— just believe me! I swear I'm telling the truth!" Firey quaked.

"..FINE! Then show me this proof!" Pin turned to face Firey once again, trailing down the hill behind him.

Leafy sat there, as she was overcome with fear and fright. She trembled, Pin wouldn't believe Firey. She wouldn't dare. At least, that's what Leafy told herself. She put her head in her hands, tears slowly seeping from her eyes as she pondered what would happened.

This won't be the end for her. She'll keep running. No matter what it takes.

(Authors Note: SORRY THIS TOOK SO LONG. IVE BEEN HAVING TROUBLE GETTING MOTIVATED. THANKS FOR BBEING PAITENT !!)

You Can't Do This Forever.

Sinking.. sinking.. SPLASH!

The sound of static arose from Leafy's cold dim room. She'd stare up at the ceiling, her eyes flickering from the window, to her hands. She was getting tired of this process, Firey was trying to convince everyone that she was bad, what a lunatic, it's like he was going insane with the information he learned. No one believed him, but Pin.. she was being.. more cautious around Leafy, maybe she did believe Firey? Hmph.

Leafy tossed in her bed, the room was disgusting. Filled with crap, trash.. broken glass, rotting furniture.. ew. She was disgusted with HERSELF. She just.. couldn't bring herself to stop. It's like an addiction, like being addicted to drugs or alcohol.. she'd sit up from her bed, looking downwards for a while, then standing up. She walked over to her desk, staring at a sheet of paper containing her targets. Who would she go for now? Firey would know how to defend himself, but it was best she got rid of him.. maybe? Hmm. That was probably the best decision.

She'd walk through the small town, ending up at the old lab, crawling into the crawl space, setting her bag down on a table, before planning how she would do this.

"..He's too smart to follow me. After all, he knows my tricks. Hmm." Her gaze would lean over to a photo. She didn't remember putting that there. She'd pick it up, looking over it. It was an old photo, Firey being in it. Boy, it's like he's haunting Leafy. She'd sigh heavily, throwing it down on the counter. She felt bad. So bad. Then, something clicked, she had an idea. She knew what she was going to

do.

Leafy had arrived back at the dorms, and knocked on Firey's door. She could hear a bit of shuffling, before he answered.

"..Leafy.." He'd squeeze his hands together. Was he scared? Or maybe upset.. you couldn't tell.

"..Uhm. Firey- I- I'm.. listen- I'm so sorry. You didn't deserve that.. no one does..- I'm.. truly sorry."

"..Ohh.. yeah right." His voice was filled with sarcasm and anger.

"..I really am sorry! I- I will stop.. I just need us to make amends.. for us to be on good terms.. maybe.. for old times sake— we could hang out tonight? Together?"

"..Fuck no! Why would I ever trust you after-" Firey cut himself off, he had a know-it-all tone, but it sounded like he was sad too?

Leafy went quiet.. her voice filled with hesitation. "..I'm.. not going to hurt you. I come unarmed! Please?-"

"..I'll think about it."

"..Ok. Uhm.. bye-? See you uhm.. later.. maybe!" She'd laugh a bit at that last part, before awkwardly going quiet. Shaking her head.

Firey waved goodbye to her in a dismissive way. Leafy would slowly walk off, her plan was working... kinda. Leafy would walk back to her room, twisting the knob, Pin would stand before her.

"..O-OH! Pin- what are you doing here?"

"Well.. I had your keys.. and I just wanted to see you- but you weren't in here.. so I decided to wait it out! Sorry if that's haha- weird.."

"..Not at all.. uhm.." Leafy cupped her hands in a polite way, taking a seat next to Pin.

"..You seem tense."

"I do? Ahem- I mean- yeah... I just had a awkward moment with Firey.."

"..I bet! He's been uhm.. accusing you of allat stuff- must get tiring- right?"

Leafy would nod, a smile on her face, Pin spoke up again.

"..Uhm.. is any of it.. real? He tried to show me proof but-"

"..UHMM.. NO! No.. not at all.. he's just in his own delusions.. don't encourage them.."

"..Well that's one way to put it!"

Pin and Leafy would both share a laugh, and Leafy would nudge Pin.

"..Uhm so.. what'd ya come here for?"

"..Oh! OH! Right- uhmm.. I got you a bouquet- just a small present for being the most awesome person ever!" Pin would grab the flowers off the bed behind her, holding them up to Leafy's face.

Leafy's heart sank, 'most awesome person ever'? Yeah right. What a total goon Pin was for thinking that..

"..Oh- thank you- uhm.. they are very lovely.."

"..You ok?"

"..Uhm- fine! I just need a few minutes.."

"..Oh! Ok! I can leave- uhm.. I love you!" Pin would smile, giving Leafy's hands a tight squeeze before letting go and walking off.

Leafy would twitch, her eyes darting around the room. She'd stare at the flowers, then trample them with her feet. Why? She didn't know. She did it out of impulse. All she had to do was control herself once Firey got to her room so she could go through with her plan. If he even did show up that is..

A few hours later, a loud knock was heard on Leafy's door. Leafy would walk over, spinning the knob, Firey standing before her, he had a small bag too. What could be in there?

"..Hello. Uhm- so are we just gonna sit in your room and be bored as fuck?"

"..Uh- no no! I brought a couple games.. and I have a TV! Yeah- uhm.."

"..You really didn't plan this out, did you?"

"..Haha- no.." Leafy would laugh a bit, shaking her head.

"..We'll find something to do anyway.." He walked in, and looked around, his eyes squinting a bit, before shaking it off.

They both had so much fun. Firey was acting like a total idiot, and like he was intoxicated, it was almost funny. Eventually though, Leafy knew she had to cut it short. She'd stare at Firey, he was distracted, he was playing a game- or maybe watching TV? She couldn't really tell. She picked up a small hatchet from under her desk. She stared at Firey once more, her gaze softening, and she looked away with guilt.

"..Eh- Leafy? You ok?"

She didn't respond, she just got closer. Firey backed up against a wall, he couldn't bring himself to stand up for some reason. Leafy was right above him, and raised the hatchet, swinging it at him. Before she fell back.

She screamed louder than ever, Firey had become prepared.

"..YOU FUCKER! I KNEW I SHOULDN'T HAVE COME!" He'd yell, slamming Leafy against the ground, he took out a small knife from his bag, raising it. Leafy didn't give up though, she kicked Firey in the face, so he was blinded, and she stood up. She had a whole stash of

weapons and grabbed another weapon, as she knew a hatchet wouldn't work anymore. It was a gun.

She raised it, and Firey put his hands up in defense and surrender.

"Fuck- fuck- fuck-" He'd mutter, scared out of his mind. He didn't wanna loose his life, but he decided to risk it anyway. He'd charge at Leafy, then a gunshot spoke loudly. Firey dropped to the ground, still breathing, kind of. She dropped the gun, grabbing the knife from his hands, and she would stare down at him in pity.

"..I'm so sorry.. but there's worse ways you could've died- right?" She shook it off, Firey staring at her with a half-dead glare.

"..I'm just putting you out of your misery." She'd say bluntly and Firey tried to speak, but his voice was sputtered and slurred.

When Firey finally managed words— Leafy stabbed him. 10 times in the chest repeatedly. Then she twisted the knife. Blood leaked onto her feet, and she fell down to the ground, staring directly at Firey. Then she began to eat him.

A bang would be heard from behind her.

"**LEAFY ARE YOU—!"**

Silence struck the room.

Pin barged in.
